LabSci 11L-28 Liter ■ LabSci 15L-65 Liter ■ LabSci-15+L -85 Liter

2 Year warranty | Free internal printer

## Designed to autoclave everything in your lab, including liquids.

- No water utility connections needed, just plug in and add water.
- Two integrated temperature probes for complete sterilization of liquids
- Four validated cycles (glass, plastic, liquid A and liquid B-waste).
- Stores up to 200 past cycles you can open on your PC
- Create up to 16 custom cycles
- Trays Included

Options that are available on all tabletop "LabSci" models include: Warming (95° to 104°C), Isothermal (80° to 94°C) F<sub>0</sub>, 21CFR with R.P.C.R software

	LabSci 11L	LabSci 15L	LabSci 15+L

LabSci 60LV, 60 Liters

LabSci 85LV, 85 Liters

## Designed to autoclave everything in your lab, including liquids.

LabSci 60LV and LabSci85LV were developed especially for educational institutions and research facilities. Designed with simplicity and economy in mind.

These vertical floor-standing autoclaves cover the fundamental needs for general lab sterilization with the aim of increasing the **productivity** of your laboratory.

Offering high capacity, together with the **optimization** of resources such as water, power and operating time.

An affordable and reliable solution you can count on for managing your laboratory **workload**.

LabSci thermal barcode printer

	LabSci 60LV, 60 Liters	LabSci 85LV, 85 Liters
Chamber Volume (L)	60	85

# Tuttnauer LabSci sterilizer series

Choosing the right steam autoclave depends on several considerations: the type of loads, frequency of use, available services and load volumes. The Tuttnauer LabSci autoclave series successfully meets the challenges posed by sterilization in laboratories and research institutes.

Tabletop 28 Liters - 85 Liters		LabSci 11L	LabSci 15L	LabSci 15+L	
Advantages	<ul style="list-style-type: none"> <li>Easy to install</li> <li>Simple to operate</li> <li>Saves Space</li> <li>No Plumbing Required</li> <li>Fast Processing</li> <li><b>Ideal for small-medium research labs</b></li> </ul>	✓	✓	✓	 Plastic

Description	<ul style="list-style-type: none"> <li>Two integrated temp probes</li> <li>Four validated cycles (solid, solid-delicate, liquid sealed, liquid unsealed)</li> <li>Create up to 16 custom cycles</li> </ul>	✓	✓	✓	 Glass

All of our sterilizers incorporate advanced technological features to provide safe and validated sterilization:

- All liquid capable sterilizers include temp probes preventing boil-over and ensuring proper sterilization
- Customizable cycles (could be saved on the system and not re-entered each time).
- R. PC. R software is available on tabletop LabSci models.
- Vertical LabSci models are Wi-Fi enabled, and include T-Connect - traceability software, for cloud documentation.
